

# Bérkel Chapas Acrílicas Ltda.

São Bernardo do Campo, SP, Brazil

*Bérkel Design — To create and dare!*

**B**érkel Chapas Acrílicas Ltda. was founded in 1972. Today, with a team of 60 employees and 13 salespeople distributed throughout the country, Bérkel produces and sells approximately 63,000 kg/month of cast acrylic sheets and resells 60,000 kg/month of imported extruded/cast acrylic sheets and polycarbonate sheets, and counts on a portfolio of more than 1,500 active customers.

New in 2009, the company introduced the *Bérkel Design* series which is a 100 percent acrylic-based solid surface. This product line has endless shape and design options: from chairs and vases to wall cladding and countertops, the usage of *Bérkel Design* series are virtually limitless in commercial environments.

This unique and stylistic material is featured by its cleanability, does not support microbial growth on its non-porous surface, presents acoustic properties, low flammability and impact resistance. It is presented in a large option of colors and patterns simulating *granites* and *marbles*.

The *Bérkel Design* series is very easy to install, assemble and replace; showing an excellent initial and life-cycle cost effectiveness. It's a versatile material with unlimited uses and applications, such as:

- **Food service:** table/bar tops, serving counters, beverage stations, food preparation areas, reception counters, wall and counter claddings.
- **Marine:** counters, state-room vanities and shower surrounds, handrails and galleys.
- **Education:** dormitory and public shower surrounds, vanity tops and bowls, windowsills and wainscotings, desks and tabletops, partition systems and reception areas.
- **Retail & entertainment:** transaction counters, furniture, wall claddings, displays cases, gaming tables, public wash-room vanities and toilet partitions.
- **Lodging & multi-family housing:** bath vanity and tub/shower surrounds, kitchen countertops, windowsills, wainscotings, wall claddings, lighting fixtures

and signage.

• **Corporate & public spaces:** reception and transaction counters, workstations, wall claddings, exterior claddings, corridors, elevator walls and entranceways.

*Bérkel Design* is offered in master sheets of 48" x 96". Thicknesses can vary from 0.157" to 1.00", depending on the pattern and special effect.

Bérkel's mission is to supply products and services that exceed their clients' expectations, with quality, competitive prices, punctual deliveries, among others. This is Bérkel's daily challenge, faced with dedication and seriousness by its most valuable assets: their employees, responsible for the quality of its products and services.

Now with *Bérkel Design*, creating and daring has no bounds.
